## 2. Effectiveness and Instructions

2.1 Legal Authority. Client signatory represents to Provider that they have the legal authority to bind Client and is lawfully able to enter into contracts.

2.2 Termination. This Addendum will terminate upon the earliest of:

- (i) termination of the Agreement as permitted hereunder or by the Provider's Terms and Conditions (and without prejudice to the survival of accrued rights and liabilities of the parties and any obligations of the parties which either expressly or by implication survive termination);
- (ii) as earlier terminated pursuant to the terms of this Addendum; or
- (iii) as agreed by the parties in writing.

2.3 Effectiveness. This Addendum will be effective only if:

- (a) it is executed and submitted to Provider in accordance with instructions in paragraph 2.4 below
- (b) all items identified as "required" on Pages 1 and 8 of this Addendum are completed accurately and in full, and the Addendum is signed by an authorized representative of Client.

If Client makes any changes to this Addendum, it will render this Addendum null and void.

2.4 Instructions. This Addendum has been pre-signed on behalf of Provider. To enter into this Addendum, Client must:

- (a) complete the information on pages 1 and 8 of this Addendum by providing Client's full legal entity name, address and date of signing;
- (b) complete this Addendum by signing it on page 8;
- (c) submit the completed and signed Addendum to Provider.

### **3. Processing of Personal Data**

3.1 This Addendum applies when Client Personal Data is processed by Provider. In this context, Client may act as "Controller" or "Processor" and Provider may act as "Processor" or "Subprocessor" with respect to Client Personal Data. The parties acknowledge and agree that Provider will engage Subprocessors pursuant to the requirements set forth in Section 6 "Subprocessing" below.

3.2 Client Authority. Client represents and warrants that it is and will at all relevant times remain duly and effectively authorized to give the instruction set forth in Section 3.4 below on behalf of itself and that it is and will at all relevant times remain duly and effectively authorized to process Personal Data covered by this Addendum.

3.3 Client's Processing of Personal Data. Client shall, in its use of the Services, process Personal Data in accordance with the requirements of Data Protection Laws. Client's instructions for the Processing of Personal Data shall comply with Data Protection Laws. In addition, Client shall have sole responsibility for the accuracy, quality, and legality of Personal Data and the means by which Client acquired Personal Data.

3.4 Provider's Processing of Personal Data.

(a) Provider shall only Process Client Personal Data for the purpose of the provision of the Services under the Agreement and in accordance with Client's documented instructions which are consistent with the terms of the Agreement, unless Processing is required by Data Protection Laws to which Provider (or the applicable Subprocessor) is subject, in which case Provider shall to the extent permitted by the Data Protection Laws inform Client of that legal requirement before the relevant Processing of that Client Personal Data.

(b) This Addendum, the Agreement and any Order Forms thereunder, are Client's complete and final instructions to Provider for the Processing of Client Personal Data. Any additional or alternate instructions must be agreed upon separately.

(c) The following are deemed instructions of Client to Provider: The processing of Client Personal Data (i) in accordance with the Agreement, this Addendum and any Order Forms under the Agreement, including without limitation with the transfer of Client Personal Data to any country or territory; and (ii)

to comply with other documented instructions provided by Client where such instructions are consistent with the terms of the Agreement.

3.5 Details of the Processing. The subject-matter of Processing of Client Personal Data by Provider is the performance of the Services pursuant to the Agreement. The duration of the Processing, the nature and purpose of the Processing, the types of Client Personal Data and categories of Data Subjects Processed under this Addendum, as required by article 28(3) of the GDPR (and, possibly, equivalent requirements of other Data Protection Laws), are further specified in Exhibit A to this Addendum, as may be amended by the parties from time to time.

3.6 Client agrees that (i) it shall comply with its obligations as a Controller under Data Protection Laws in respect of its processing of Client Personal Data and any processing instructions it issues to Provider; and (ii) it has provided notice and obtained (or shall obtain) all consents and rights necessary under Data Protection Laws for Provider to process Client Personal Data and provide the Services pursuant to the Agreement and this Addendum.

3.7 Client agrees that except as provided by this Addendum, Client is responsible for its secure use of the Services, including securing its account authentication credentials, protecting the security of Client Personal Data during confidential transit to and from the Services and taking any appropriate steps to securely encrypt or backup any Client Personal Data uploaded to the Services.

3.8. Obligations of the Client. The Client agrees and warrants:

- (a) that the processing, including the transfer itself, of the Client Personal Data has been and will continue to be carried out in accordance with the relevant provisions of the applicable Data Protection Laws (and, where applicable, has been notified to the relevant authorities of the Member State where the Provider is established or has its representative) and does not violate the relevant provisions of that State;
- (b) that it has instructed and throughout the duration of Personal Data processing Services will instruct the Provider to process Client Personal Data transferred only on the Client's behalf and in accordance with the applicable Data Protection Law;
- (c) that the Provider will provide sufficient guarantees in respect of the technical and organisational security measures specified in Exhibit B to this Addendum;
- (d) that after assessment of the requirements of the applicable Data Protection Laws, the security measures are appropriate to protect Personal Data against accidental or unlawful destruction or accidental loss, alteration, unauthorised disclosure or access, in particular where the processing involves the transmission of data over a network, and against all other unlawful forms of processing, and that these measures ensure a level of security appropriate to the risks presented by the processing and the nature of the data to be protected having regard to the state of the art and the cost of their implementation.

3.9. Obligations of the Provider. The Provider agrees and warrants:

- (a) to process Personal Data only on behalf of the Client and in compliance with its instructions; if it cannot provide such compliance for whatever reasons, it agrees to inform Client promptly of its inability to comply, in which case the Client is entitled to suspend the transfer of Personal Data and/or terminate the Agreement;
- (b) that it has no reason to believe that the legislation applicable to it prevents it from fulfilling the instructions received from Client and its obligations under the Agreement and that in the event of a change in this legislation which is likely to have a substantial adverse effect on the warranties and obligations, it will promptly notify the change to Client as soon as it is aware, in which case Client is entitled to suspend the transfer of data and/or terminate the Agreement;
- (c) that it has implemented the technical and organisational security measures specified in Exhibit B;
- (d) that it will promptly notify Client about:
  - (i) any legally binding request for disclosure of Personal Data by a law enforcement authority unless

otherwise prohibited;

(ii) any accidental or unauthorised access, and

(iii) any request received directly from the data subjects without responding to that request, unless it has been otherwise authorised to do so;

(e) to deal promptly and properly with all inquiries from Client relating to its processing of Personal Data.

#### **4. Provider Personnel**

Provider shall take reasonable steps to ensure the reliability of any employee, agent or contractor who may have access to the Client Personal Data, ensuring in each case that access is strictly limited to those individuals who need to know / access the relevant Client Personal Data, as strictly necessary for the specific individual's duties in connection with Provider's provision of the Services under the Agreement, ensuring that all such individuals are subject to confidentiality undertakings or professional or statutory obligations of confidentiality.

#### **5. Security**

5.1 Measures. Taking into account the state of the art, the costs of implementation and the nature, scope, context and purposes of Processing as well as the risk of varying likelihood and severity for the rights and freedoms of natural persons, Provider shall in relation to the Client Personal Data implement appropriate technical and organizational measures set forth in Exhibit B (the "Security Measures").

5.2 Risk assessment. In assessing the appropriate level of security, Provider shall take account of the risks that are presented by Processing, in particular from a Personal Data Breach.

#### **6. Subprocessing**

6.1 For the purpose of the appointment of Subprocessors, Client acknowledges and agrees that Provider may engage third-party Subprocessors in connection with the provision of the Services, including without limitation the Processing of Client Personal Data.

6.2 When requested by Client, Provider shall provide an up-to-date list of all Subprocessors engaged in the Processing of Client Personal Data.

6.3 Provider will notify Client at least 10 days before Provider authorizes and permits any new Subprocessor to access Client Personal Data. Client may object in writing to Provider's appointment of a new subprocessor within 5 days of such notice, provided that such objection is based on reasonable grounds relating to data protection. In such event, the parties shall discuss such concerns with a goal of achieving resolution. If this is not possible, Client may suspend or terminate the Agreement (without prejudice to any fees incurred by Client prior to suspension or termination).

6.4 Provider has or shall enter into a written agreement with each Subprocessor (the "Subprocessing Agreement") containing data protection obligations not less protective than those in the Agreement and/or this Addendum with respect to the protection of Client Personal Data to the extent applicable to the nature of the Services provided by such Subprocessor. Provider shall be liable for the acts and omissions of its Subprocessors to the same extent Provider would be liable if performing the services of each Subprocessor directly under the terms of this Addendum.

6.5 Provider shall provide to Client for review copies of the Subprocessor Agreements (which may be redacted to remove confidential commercial information not relevant to the requirements of this Addendum) as Client may reasonably request from time to time.

## **7. Data Subject Rights**

7.1 Provider shall comply with any commercially reasonable request by Client to correct, amend, block or delete Client Personal Data, as required by Data Protection Laws, to the extent Provider is legally permitted to do so.

7.2 Measures to assist with Data Subject Rights. Taking into account the nature of the Processing, Provider shall assist Client by implementing appropriate technical and organizational measures, insofar as this is possible, for the fulfillment of the Client's obligations, as reasonably understood by Client, to respond to requests to exercise Data Subject rights under the Data Protection Laws. To the extent legally permitted, Client shall be responsible for any costs arising from Provider's provision of such assistance.

7.3 Response to Requests. Provider:

(a) shall promptly notify Client if it or any Subprocessor receives a request from a Data Subject under any Data Protection Laws & Regulation in respect of Client Personal Data; and

(b) shall not respond and shall ensure that no Subprocessor responds to that request except on the documented instructions of Client or as required by Data Protection Laws to which Provider or Subprocessor is subject, in which case Provider shall, to the extent permitted by such Data Protection Laws inform Client of that legal requirement before it or the applicable Subprocessor responds to the request.

## **8. Personal Data Breach**

8.1 Notification. Provider shall, to the extent permitted by law, notify Client without undue delay upon Provider or any Subprocessor becoming aware of a Personal Data Breach affecting Client Personal Data, providing Client with sufficient information, to allow Client to meet any obligations to report or inform Data Subjects of the Personal Data Breach under the Data Protection Laws.

8.2 Assistance to Client. Provider shall cooperate with Client and take such reasonable commercial steps to assist in the investigation, mitigation and remediation of each such Personal Data Breach.

## **9. Data Protection Impact Assessment and Prior Consultation**

Provider shall provide reasonable assistance to Client with any data protection impact assessments, and prior consultations with Supervising Authorities or other competent data privacy authorities, which Client reasonably considers to be required of it by Article 35 or 36 of the GDPR or equivalent provisions of any other Data Protection Law & Regulation, in each case solely in relation to Processing of Client Personal Data by, and taking into account the nature of the Processing and information available to, the Contracted Processors.

## **10. Deletion or return of Company Personal Data**

10.1 Subject to the provisions of Section 10.2, at Client's written request to Provider, Provider shall and shall procure that all Subprocessors:

(a) return a complete copy of all Client Personal Data to Client in standard format accepted by Provider;

(b) delete and procure the deletion of Client Personal Data processed by any Contracted Processor. Provider shall comply with any such written request within 30 days unless it is unworkable due to the purposes of Processing.

10.2 All Contracted Processors may retain a copy of Client Personal Data to the extent required by

applicable European Union law or the law of an EU Member State and only to the extent and for such period as required by such laws and always provided that Provider shall ensure confidentiality of such Client Personal Data and shall ensure that it is only processed as necessary for the purposes specified in such law requiring its storage and for no other purpose.

10.3 Client agrees that after the termination and expiration of the Agreement their data may be stored as a backup for the time needed to secure Client's and Provider's claims that may arise due to the performance of the Services (for the time it takes for the claims to be barred).

## **11. Audit rights**

11.1 Subject to the provisions of Section 11.3 below, at Client's written request, Provider will provide Client all information necessary to demonstrate compliance with this Addendum. The information provided will constitute Provider Confidential Information under the confidentiality provisions of the Agreement or a non-disclosure agreement, as applicable.

11.2 Provider uses external auditors to verify adequacy of its security measures, including the security of the physical data centers from which Provider provides the Services. This audit:

- (a) will be performed at least annually;
- (b) will be performed by independent third party security professionals at Provider's selection and expense;
- (c) will result in generation of an audit report ("Report"), which will be Provider's Confidential Information. If Client's agreement does not include a provision protecting Provider's Confidential Information, then Report will be made available to Client subject to a mutually agreed upon non-disclosure agreement ("NDA") covering the Report.

11.3 At Client's written request, Provider will provide Client with a confidential Report so that Client can reasonably verify Provider's compliance with the security obligations under this Addendum. The Report will constitute Provider's Confidential Information under the confidentiality provisions of the Agreement or the NDA, as applicable.

11.4 If the results of such review are not sufficient for Client and the Report does not cover issues requested by Client, Client may carry out its own audit. In such case, Provider shall for audits, including inspections, by any Client or an auditor mandated by Client in relation to the Processing of the Client Personal Data by Provider or Subprocessors in accordance with Section 11 to this Addendum.

11.5 The parties agree that the audits shall be carried out in accordance with the following specifications:

- (a) Client should contact Provider to request an audit of the procedures relevant to the protection of Personal Data. Before the commencement of any such audit Client should review the Reports.
- (b) Client shall make (and ensure that each of its mandated auditors makes) reasonable endeavours to avoid causing (or, if it cannot avoid, to minimize) any damage or disruption to the Provider or Subprocessor premises, equipment, personnel and business while its personnel are on those premises in the course of such an audit or inspection.
- (c) Before the commencement of any such audit, Client and Provider shall mutually agree upon the scope, timing and duration of the audit.
- (d) Contracted Processor need not give access to its premises for the purposes of such an audit or inspection:
  - (i) to any individual unless he or she produces reasonable evidence of identity and authority;
  - (ii) outside normal business hours at those premises; or
  - (iii) for the purposes of more than one audit or inspection, in respect of Provider or each Subprocessor, except for any additional audits or inspections which: (A) Client reasonably considers necessary because

of genuine concerns as to Provider's or applicable Subprocessor's compliance with this Addendum; or (B) Client is required or requested to carry out by Data Protection Law and Regulation, a Supervisory Authority or any similar regulatory authority responsible for the enforcement of Data Protection Laws in any country or territory; where Client has identified its concerns or the relevant requirement or request in its notice to Provider.

11.6 Following the audit:

(a) If Client chooses to conduct an independent audit rather than rely on a currently available Report or current audits, if applicable and available, Client will be responsible for any fees charged by any auditor appointed by Client to execute any such audit.

(b) Client shall promptly notify Provider with the full results of an audit (including any non-compliance discovered during the course of an audit).

## **12. Transfer of Personal Data**

12.1 To the extent that Provider processes any Client Personal Data protected by EU Data Protection Law under the Agreement and/or that originates from the EEA, in a country that has not been designated by the European Commission or Swiss Federal Data Protection Authority (as applicable) as providing an adequate level of protection for Personal Data, the parties acknowledge that Provider shall be deemed to provide adequate protection (within the meaning of EU Data Protection Law) for any such Client Personal Data by virtue of having self-certified its compliance with Privacy Shield. Provider agrees to protect such Personal Data in accordance with the requirements of Privacy Shield Principles. If Provider is unable to comply with this requirement, Provider shall inform Client.

12.2 Provider may transfer and process Client Personal Data anywhere in the world where Provider, its affiliates or its Subprocessors maintain data processing operations. Provider shall at all times provide an adequate level of protection for the Client Personal Data processed, in accordance with the requirements of Data Protection Laws.

12.3 If Provider is not Privacy Shield certified with the U.S. Department of Commerce, Provider agrees to accept additional data privacy and security terms as instructed by Client from time to time as necessary to address applicable data protection, privacy or security laws regarding Personal Data, including but limited to the European Commission Standard Contractual Clauses for Data Protection (2010/87/EU).

## **13. Indemnification and Liability**

13.1 If one party is held liable for a violation of this Addendum committed by the other party, the latter will, to the extent to which it is liable, indemnify the first party for any cost, charge, damages, expenses or loss it has incurred in accordance with the provisions of the Agreement.

13.2 In case of violation of the provisions of the Addendum or any other legal acts by Provider, as a result of which Client will be legally bound by a court judgment or administrative decision to pay damages, compensation or fine, Client reserves the right to claim damages against the Provider for this reason.

13.3 The Provider shall be liable for any damage caused to third parties due to the improper processing by the Provider of Personal Data entrusted to him by Client excluding the situation where the damage is the result of an action or omission for which Provider is not responsible.

13.4 Liability Cap. Provider's entire liability to Client arising out of or related to this Addendum shall not exceed the amount actually paid by Client to Provider during the prior twelve (12) months under the Agreement.

(i) On an ongoing basis, the Provider maintains multiple copies of customer data from which it can be recovered.

(ii) Provider stores copies of customer data and a data recovery procedures in a different place from where the primary computer equipment processing the customer data is located.

(iii) Provider has procedures in place governing access to copies of customer data.

(c) Encryption; Mobile Media. Provider uses HTTPS encryption on all data connections. Provider restricts access to customer data in media leaving its facilities.

### 3.11 Access Control.

(a) Records of Access Rights. Provider maintains a record of security privileges of individuals having access to customer data.

(b) Access authorization:

(i) Provider maintains and updates a record of personnel authorized to access systems that contain customer data.

(ii) Provider deactivates authentication credentials of employees or contract workers immediately upon the termination of their employment or services

(c) Least Privilege.

(i) Technical support personnel are only permitted to have access to customer data when needed for the performance of their job function.

(ii) Provider restricts access to customer data to only those individuals who require such access to perform their job function.

(d) Integrity and Confidentiality.

(i) Provider instructs its personnel to disable administrative sessions when leaving the Provider's premises or when computers are unattended.

(ii) Provider's stores passwords in a way that makes them unintelligible while they are in force.

(e) Authentication.

(i) Provider uses commercially reasonable practices to identify and authenticate users who attempt to access information systems.

(ii) Where authentication mechanisms are based on passwords, the Provider requires the password to be at least six characters long.

(iii) Provider ensures that de-activated or expired identifiers are not granted to other individuals.

(iv) Provider maintains commercially reasonable procedures to deactivate passwords that have been corrupted or inadvertently disclosed or pursuant to a number of failed login attempts.

(f) Network Design. Provider has controls to avoid individuals assuming access rights they have not been assigned to gain access to customer data they are not authorised to access.

### 3.12 Network Security.

(a) Network Security Controls. Provider's information systems have security controls designed to detect and mitigate attacks by using logs and alerting.

(b) Provider implements endpoint protection on its hosting environments; which are continuously updated with critical patches or security releases in accordance with Provider's server change control procedures.

### 3.13 Information Security Incident Management.

(a) Record of Breaches. Provider maintains a record of security breaches with a description of the breach, the time period, the consequences of the breach, the name of the reporter, and the procedure for recovering data.

(b) Record of Disclosure. Provider tracks disclosures of customer data, including what data has been disclosed, to whom, and at what time, unless prohibited by law.
